Contracting Officer

Subject: Maintenance Proposal for TMS 2 Mass Storage System

25X1A Dear [redacted]

In response to an action item from the June management review meeting provided herewith is a budgetary price proposal for maintenance service to cover the TMS-2 Ampex and DEC equipment being furnished under Agency Contracts [redacted]

25X1

The proposal includes a number of options and the prices quoted are for [redacted] of the equipment on approximately [redacted] 1976. A description of each of the options and the related price and general terms included herein as attachment I.

It is our understanding that the information contained herein will be discussed at the August management review meetings. Upon selection of the particular options desired by the Agency, we will submit a detailed firm proposal including terms and conditions and any other information the Agency may require.

If prior to the August meeting you require any additional information on the attached options, please do not hesitate to call either myself or the Program Manager, Bill Slingland.

Very truly yours,

AMPEX CORPORATION
